| Yes | HLD-4 power grip for E-30/E-3 supplied with extra, charged, battery    |

*\*In Stock indication of whether an item is stocked by us, but not if it is out on hire.*

To arrange a rental or simply to seek more information, please email: [hire@e-group.uk.net](mailto:hire@e-group.uk.net), or use the form at <http://e-group.uk.net/hire>, or telephone 01442 242 960.

### **Minimum hire is 3 days.**

The days of charged hire start the day after your gear is booked to arrive and stops at the end of the day prior to the day the gear must be sent back. So for three days booked from Tuesday to Thursday, the hire gear will be delivered on the Monday and you must return it for next working day delivery on the Friday.

### **Delivery**

Please allow enough time for us to arrange for the gear to be packed and collected by our courier. If you need your gear delivered on a certain day, we really need your order, including payment, processed by 3PM the day before. We recommend you get in touch no later than noon on the day before required delivery.

### **International hire**

We will happily consider hiring to individuals or businesses outside of the UK. The main stumbling block is the cost of shipping, which can be as much as £60-£70 depending on your location, and you will need to factor in the return shipping cost as well. We normally require an extra day for shipping in Europe.

### **Prices**

Our price list includes a full range of rates from 3 days to 30 days. To download the latest prices for lenses and accessories, go to: <http://e-group.uk.net/hire/prices.pdf>. For camera hire prices, see: [http://e-group.uk.net/hire/camera\\_hire\\_prices.pdf](http://e-group.uk.net/hire/camera_hire_prices.pdf). If you hire a camera with a lens, we offer a 20% discount on the camera hire.

### **Lens hire rebate**

You will be eligible to claim a rebate of part of your hire fee, up to 7 days worth (3 days for cameras), if you eventually purchase the lens or accessory model that you hired from us previously (from a bona fide UK dealer selling UK-sourced stock) within 1 month of your hire period ending. For camera bodies you can claim 3 days worth of rental rebate if you buy the same camera body you rented within a month. This offer runs to the end of May 2010, when its continuation will be considered.

### **Shipping options and rates**

We recommend you use our courier to get your item to you next day, or you can collect from us at our offices in Hemel Hempstead, by prior arrangement, or you can arrange a third party to collect from us. Most of our customers will send their hire gear back to us using Royal Mail Special Delivery for next day delivery, or another next day courier of their own choice. If required, we can arrange collection after your hire period is over, but to arrange a collection there is a £10 + VAT charge on top of the basic courier charge.

Our basic courier charges (each way)

- Next Day by 16.00      £13.51
- Next Day by 12.00      £19.39

Surcharges:

- Saturday delivery is by noon only - charged at the above Next Day by 12AM rate + £23.50 (£20 +VAT).

- Optional collection for return is subject to a £11.75 (£10 + VAT) charge on top of the basic courier rates quoted above.
- Scottish highlands (if unsure, please let us know your post code) subject to £10 + VAT on top of the basic courier rates above.

### **Insurance**

We have specialist insurance to operate this service. The insurance covers us, not the hire customer. According to our agreement with our insurers, some losses will not be passed on to the hire customer. However, a condition of the hire agreement is that the customer will be required to compensate us for the excess on a claim (£150) if the item is damaged or lost. Negligence or any other loss that falls outside of our Terms and Conditions for hire is not covered, so there is a possibility that you could be liable for the full replacement cost of the item. For this reason we recommend that you consider your own insurance cover to complement ours. Full details are included in the Terms and Conditions of the hire agreement. In some instances (if you are under 18, or our T&Cs are too restrictive in other ways for your plans) you can leave a deposit for the full replacement value of the items hired and we can subtract the cost of the insurance that is no longer required.

Prices include VAT @17.5% unless otherwise stated.

Details are subject to change without notice.

This service is operated by The Write Technology Ltd
